

BEFORE
THE PUBLIC SERVICE COMMISSION OF
SOUTH CAROLINA
DOCKET NO. 94-065-C - ORDER NO. 94-664 ✓
JULY 14, 1994

IN RE: Application of Telaleasing Enterprises, Inc.)	ORDER
for a Certificate of Public Convenience)	APPROVING
and Necessity to Resell Intrastate)	CERTIFICATE
Telecommunications, Including the Provision)	
of Operator Assisted Services and Inmate)	
Telecommunications Services Within)	
the State of South Carolina.)	

This matter comes before the Public Service Commission of South Carolina (the Commission) by way of the Application of Telaleasing Enterprises, Inc. (Telaleasing or the Company) requesting a Certificate of Public Convenience and Necessity authorizing it to operate as a reseller of telecommunications services in the State of South Carolina. Telaleasing's Application was filed pursuant to S.C. Code Ann. §58-9-280 (Law. Co-op. 1976), as amended, and the Regulations of the Public Service Commission of South Carolina.

The Commission's Executive Director instructed Telaleasing to publish, one time, a prepared Notice of Filing in newspapers of general circulation in the affected areas. The purpose of the Notice of Filing was to inform interested parties of Telaleasing's Application and of the manner and time in which to file the appropriate pleadings for participation in these proceedings. Telaleasing complied with this instruction and provided the Commission with proof of publication of the Notice of Filing.

Petitions to Intervene were filed by Southern Bell Telephone and Telegraph Company (Southern Bell) and the Consumer Advocate for the State of South Carolina (the Consumer Advocate). Southern Bell's subsequent Motion to Withdraw from this proceeding was granted by the Commission in Order No. 94-617, dated June 24, 1994. The Consumer Advocate has now filed a letter stating it no longer desires to participate at a hearing in this matter.

Paul Demirdjian, Senior Vice President of Telaleasing, submitted testimony on behalf of Telaleasing. Mr. Demirdjian explained Telaleasing's request for authority to provide intrastate interexchange telecommunications services in South Carolina. Mr. Demirdjian stated that Telaleasing is a non-facilities based reseller which will utilize high quality transmission facilities leased from other authorized telecommunications carriers. Mr. Demirdjian testified that Telaleasing also proposes to offer alternate Operator Service and Inmate Calling Service.

Mr. Demirdjian testified that Telaleasing's services will enhance competition for telecommunications services in South Carolina. He testified that increased competition will result in benefits such as higher quality services, increased consumer choice in billing options, and development of an expanded telecommunications industry in South Carolina.

After full consideration of the applicable law, the Application, and the testimony submitted by Telaleasing, the Commission hereby issues its findings of fact and conclusions of law:

FINDINGS OF FACT

1. Telaleasing is incorporated under the laws of the State of Illinois and is licensed to do business as a foreign corporation in the State of South Carolina by the Secretary of State.

2. Telaleasing operates as a non-facilities based reseller of interexchange services and wishes to do so in South Carolina.

3. Telaleasing obtained a certificate of authority to provide pay telephone service in South Carolina in 1987.

3. Telaleasing has the experience, capability, and financial resources to provide the services as described in its Application.

CONCLUSIONS OF LAW

1. Based on the above findings of fact, the Commission determines that a Certificate of Public Convenience and Necessity should be granted to Telaleasing to provide intrastate service through the resale of Wide Area Telecommunications Services (WATS), Message Telecommunications Services (MTS), Foreign Exchange Service, Private Line Service, or any other services authorized for resale by tariffs of carriers approved by the Commission.

2. The Commission adopts a rate design for Telaleasing for its resale services which includes only maximum rate levels for each tariff charge. A rate structure incorporating maximum rate levels with the flexibility for adjustment below the maximum rate levels has been previously adopted by the Commission. In Re: Application of GTE Sprint Communications Corporation, etc., Order No. 84-622, issued in Docket No. 84-10-C (August 2, 1984). The

Commission adopts Telaleasing's proposed maximum rate tariff.

3. Telaleasing shall not adjust its rates below the approved maximum level without notice to the Commission and to the public. Telaleasing shall file its proposed rate changes, publish its notice of such changes, and file affidavits of publication with the Commission two weeks prior to the effective date of the changes. However, the public notice requirement is waived, and therefore not required, for reductions below the maximum cap in instances which do not affect the general body of subscribers or do not constitute a general rate reduction. In Re: Application of GTE Sprint Communications, etc., Order No. 93-638, issued in Docket No. 84-10-C (July 16, 1993). Any proposed increase in the maximum rate level reflected in the tariff which would be applicable to the general body of Telaleasing's subscribers shall constitute a general ratemaking proceeding and will be treated in accordance with the notice and hearing provisions of S.C. Code Ann. §58-9-540 (Law Co-op. 1976), as amended.

4. The Commission concludes that the Consumer Advocate's request to withdraw its participation from these proceedings should be granted.

5. Telaleasing shall file, consistent with the findings herein, its tariff and an accompanying price list within thirty (30) days of the date of this Order. Further, the tariff shall be filed in a loose-leaf binder.

6. Telaleasing is subject to access charges pursuant to Commission Order 86-584, in which the Commission determined that for access purposes resellers should be treated similarly to

facilities-based interexchange carriers.

7. With regard to Telaleasing's resale of service, an end user should be able to access another interexchange carrier or operator service provider, if they so desire.

8. Telaleasing shall resell the services of only those interexchange carriers or LECs authorized to do business in South Carolina by this Commission. If Telaleasing changes underlying carriers, it shall notify the Commission in writing.

9. Telaleasing shall comply with the terms of Order No. 93-462, Order Approving Stipulation and Agreement, in Docket Nos. 92-182-C, 92-183-C, and 92-200-C (June 3, 1993).

10. Telaleasing shall file surveillance reports on a calendar or fiscal year basis with the Commission as required by Order No. 88-178 in Docket No. 87-483-C. The proper form for these reports is indicated on Attachment A.

11. With regard to the provision of Inmate Calling Service, Telaleasing for local and intraLATA calling, shall not charge rates any greater than the rates charged by the Local Exchange Company at the time a call is placed. For interLATA calling, Telaleasing shall charge rates no greater than AT&T's charges and operator station usage rates at the time the call is placed. Additionally, automated collect calls shall only be completed with the affirmative acceptance by the called party. Also, the Company shall not impose any subscriber surcharges on calls originated from inmate facilities.

12. For inmate calling service, call detail information submitted to the Local Exchange Company for billing purposes must

include the COCOT access line telephone number as assigned to the line by the local exchange company. Further, should Telaleasing provide the pay telephone equipment in confinement facilities, the Company shall obtain certifications to provide private telephone services and shall request waiver of specific guidelines as required for the provision of inmate calling services.

13. With respect to the provision of operator services to hospitality locations and private pay telephones, Telaleasing shall not charge rates any greater than AT&T's intrastate interLATA rates at the time the call is completed.

14. Telaleasing is required to provide "tent" cards to hotels and motels for placement of guest telephones and stickers to customer-owned pay telephones identifying Telaleasing as the provider of operator services for intrastate interLATA calls. Telaleasing is required to brand all operator calls identifying itself as the carrier of such calls. The information pieces shall be consistent with the format approved by the Commission in Order No. 93-811 issued in Docket No. 92-557-C.

15. Telaleasing shall be allowed to incorporate in its tariff a subscriber surcharge to be applied to operator-assisted and calling card calls originating from hotels, motels, and pay telephones only if the property owner or pay telephone provider has not already added any other surcharge. That is, the Company may not impose an additional surcharge to calls originating from hotels, motels, or pay telephones if such surcharge is already imposed by the property owner. If such charge is applied, it should be paid in its entirety to the property owner. The amount

of such subscriber surcharge shall not exceed \$1.00. Further, if the surcharge is applied on behalf of a property, the end user shall be notified of the application of the surcharge. This notification shall be included in the information pieces as previously required by this Order.

16. For the provision of operator services, Telaleasing shall comply with the Operator Service Provider (OSP) Guidelines approved in this Commission's Order No. 93-534 issued under Docket No. 93-026-C.

17. This Order shall remain in full force and effect until further Order of the Commission.

BY ORDER OF THE COMMISSION:
